

Exercise:

- The manager requests you to create a report to see how MKT actions are going.
- We check results per 4 levels of each marketing funnel stage as below;
- CVR stands for Conversation Rate

important KPIs

General information

- The manager requests to see the Monthly trend of each number of levels (interests, visits, negotiation and sold). Also, by per product category, country and marketing actions.
- As a final request, you can add anything that you think would help the manager better understand how our actions are going.
- You can use whatever techniques or structure you would like, however please add pivot table for the trend.
