- The screenshot displays the Microsoft Power BI Desktop interface with the following components:

 - Top Ribbon:** Includes tabs for File, Home, and a list of visualization and data manipulation tools such as Paste, Cut, Copy, Get Data, Recent Data, Enter Data, Edit Queries, Refresh, New Page, New Visual, Text Box, Image, Shapes, Edit Interactions, Arrange, Alignment, Distribute, Page View, Manage Relationships, New Measure, and Publish.
 - Left Pane:** Contains navigation icons for Reports, Datasets, and Dataflows.
 - Main Canvas:**
 - Top Left:** A map titled "Community well-being by State" showing North America with color-coded regions.
 - Top Right:** A stacked bar chart titled "Community well-being, Crime rate and Health care quality by...". The legend indicates three categories: Community well-being (teal), Crime rate (black), and Health care quality (red). The y-axis lists states from HI to VA.
 - Bottom Left:** A bubble chart titled "Community well-being, Health care quality and Overall rank by State Code...". The x-axis is "Community well-being" (0-15) and the y-axis is "Health care quality" (0-30). Bubbles represent different states with varying sizes and colors.
 - Right Pane:**
 - Visualizations:** A list of available chart types with a selection icon.
 - Fields:** A search bar and a list of data fields including "RetirementStats" and "StateCodes".
 - Filters:** A section for applying filters, currently showing "Community well-being is less than 16".
 - Bottom:** A page navigation bar showing "Page 1" through "Page 6", with "Page 5" currently selected.

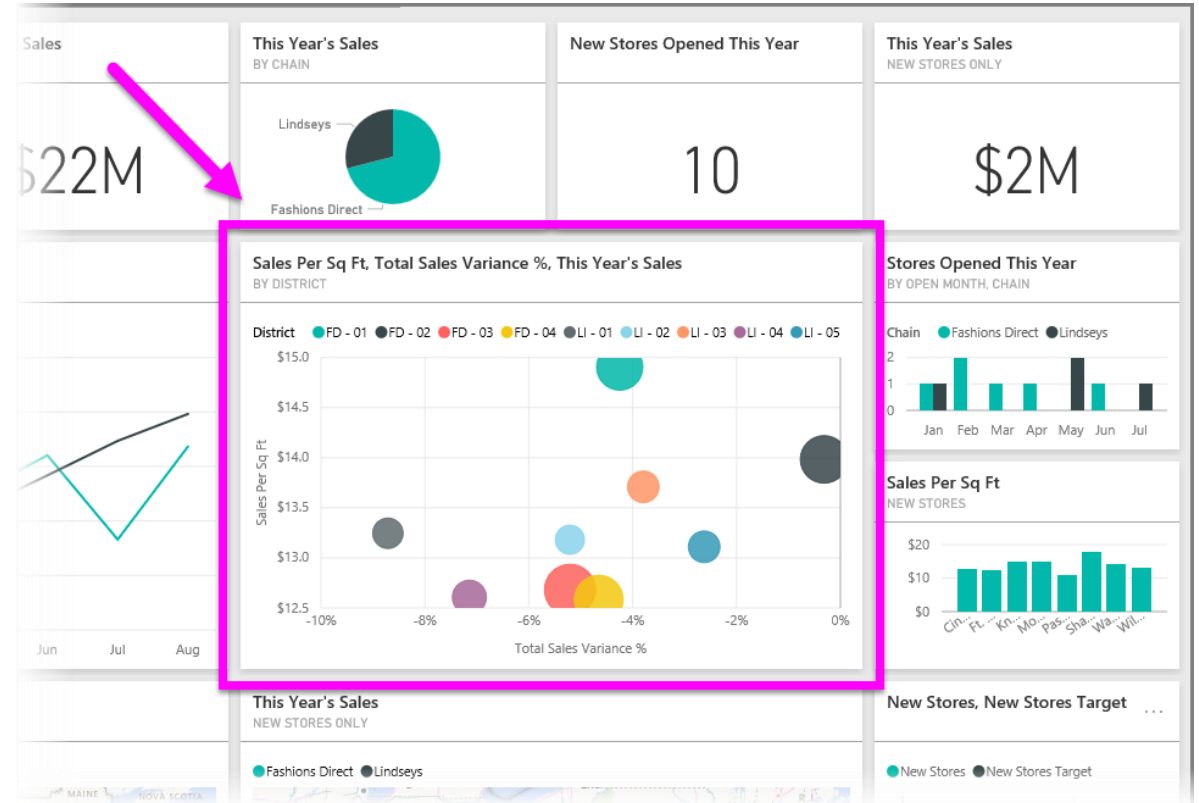

Dashboard

- Een pagina uit het rapport of een groep van visualisaties
- Een dashboard bestaat maar uit één pagina. Alles moet passen op het canvas

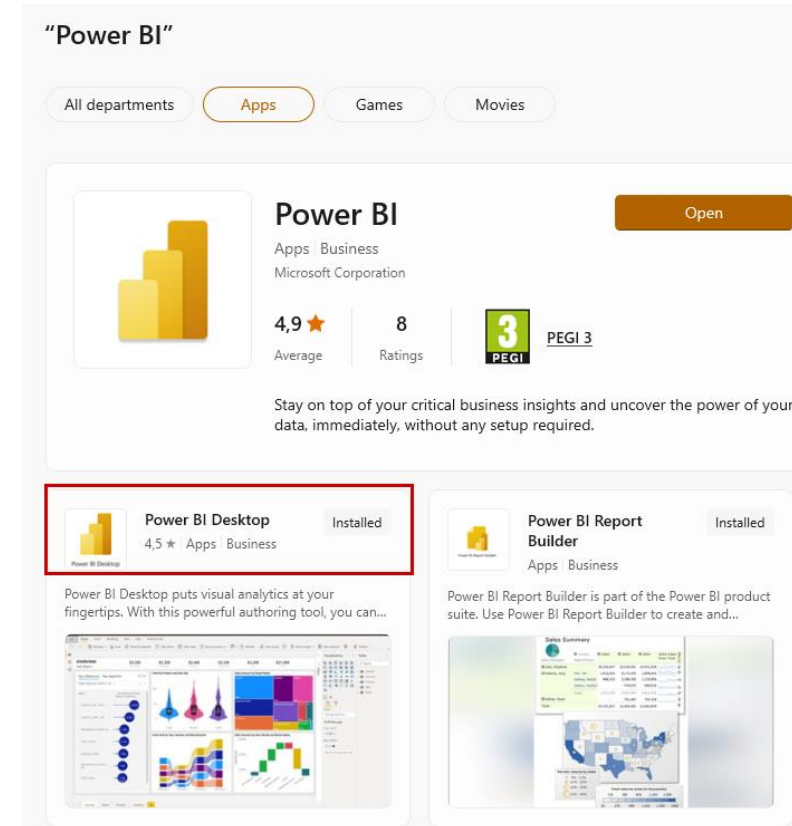

Tegel

- Eén specifieke visualisatie uit een dashboard noemen we een tegel.
